Informatics for Health 2017

Venue : Manchester, UK

Date : 24th - 26th April 2017

Web : www.informaticsforhealth.org

Informatics for Health 2017

The Congress will bring together: Europe's leading conference, *Medical Informatics Europe (MIE2017)* from the *European Federation for Medical Informatics (EFMI)* with the annual scientific meeting of the UK's new national institute for Health and Biomedical Informatics, *The Farr Institute*.

Reasons to attend:

- **The latest research from global thought leaders**
- **Challenging case studies and new product development from industry**
- **Novelties from other disciplines to open new directions in medical informatics**
- **Cross-sector collaboration and networking**
